Newhouse Plan Just One.

The Newhouse plan is the only safe and just one," said one citizen yesterday. "We have been going on here for years granting franchiese to various corporations that would give alleged grantities to the city the value of which was at least problematical, and nobody saw fit to suggest that these public corporations should pay a tax on their gross receipts in compensation for the rights granted.

What Present Company Offers.

What Present Company Oriers.

The Utah Light and Railway company has offered, for a consolidation and extension of its franchises, to give to the city \$10,000 a year for fifty years in the way of free lights, and to pay a license tax of \$55 per year on the average number of street cars operated by it. This flees not exceed \$5000 a year, making a total of \$15,000 a year as its offer for these valuable concessions.

Earnings of Present Company Secret. "No one ouside the officers of the com-pany knows just what the gross earnings of the company amount to in a year, but when you consider the fact that it pays \$35,000 a year interest on its bonded debt, you may be sure that the gross earnings each high figure

Six Thousand Private Consumers.

Six Thousand Private Consumers.

"General Manager Campbell in a recent statement before the Council committee admitted that the company had more than 200 private consumers—that is, residences—paying an average of more than 224 per year. The city pays for street lighting about \$13,000 a year. It is safe to say that \$14,000 more should be added for lights supplied to business houses, factories and other sources, making a total income from electric lighting of \$37,000. Then there are the carnings from the gas plant and for electric power and heating, which it is safe to say amounts to \$50,000, making a total from these franchises. on, making a total from these franchises

Three-Quarter Million Earned.

Three-Quarter Million Earned.

Going into the street car business the company pays license on an average of sixty cars. It is a safe estimate that the receipts from these cars will average \$20 per day for \$55 days in the year. This makes a total from this source, based on the number of cars the company claims to run, of \$485,000 a year. Added to the total mentioned for electricity and gas, this makes the company's total earnings \$565,000 a year. I believe they are larger. This would make a tax of 1 per cent on its gross earnings \$565,00 a year. Does any one believe the company would be willing to give \$15,000 a year to the city if, with its earnings at such a figure, it could escape with such a tax?

As to Free Light.

As to Free Light.

As to Free Light.

"But in reality the company, in giving \$10,000 a year in free lights, is glying scarcely one-tenth of that amount. As a matter of fact, the electric current for which it charges lb cents per kilowatt hour costs it but seven-eightlis of a cent per kilowatt hour delivered at the city limits. Fixed charges and expense of distribution could not possibly make the cost of this anything like is cents per kilowatt bour, at which rate it would charge the city for its alleged free lights.

What Fixed Charges Are, What Fixed Charges Are.

"Fixed charges on the Utah Light and Italiway company are high, for the company is paying interest on a bonded indebtedness of \$5.000.000, while its tangible assets do not reach anything approaching that amount. At the same time cost of labor with it is much lower than with other industrial enterprises, or with railroads.

Would Pay More.

why should this company be let off on a tax of 1 per cent on its gross carnings? It should be taxed more for the valuable franchises than It has I believe Mr. Newhouse would be willing to pay more He concedes the principle, and that is the onin thing."

Sheriff Now in Charge of Strike Situation-If He Fails, Militia Will Be Ordered.

CHICAGO, May 4.-Sheriff Thomas E Barrett of Cook county will take active control of the strike situation tomorrow morning. So much pressure has been brought to bear upon him and upon Mayor Dunne by men who believe their interests to be seriously imperiled by the constant rioting in the streets that the theriff has been compelled to swear in a large force of deputies and take active steps to do away with the present dis-order. Two hundred deputies were sworn in this afternoon at the office of Sheriff Barrett, and it is believed you will have been enrolled by tomorrow evening.

Declare Militia Is Needed.

A committee of prominent business men, headed by John Shedd, of Marshall Field & Co., today took steps to lay the situation before the Governor, and declars that conditions are such that the millita is imperatively needed.

The Chicago Clearing-House association this afternoon adopted sweeping resolutions declaring that the riots in the streets were constantly increasing in fury and having gone beyond the power of the civil authorities of the city and county to control. It was therefore, the opinion of the members of the clearing house that troops should be called out.

Sheriff Is Determined.

Sheriff Is Determined.

The Sheriff is determined to take the situation in hund himself, declaring that until he has done so he will not be justified in calling for the militia.

Mayor Dunne for three hours this afterneon rode through the down-town streets in a buggy and on his return to the city hall declared that he had seen no violence and believed the police to be fully able-to cope with the situation.

Chief Deputy Sheriff Peters made a clone scrutiny of all candidates for the position of deputy sheriff. Every man was required to produce some person who could vouch for his reliability Deputy Sheriff Peters announced that he would take neither union men nor representatives of the employers if he knew it.

Two union men who had made application were detected before they were sworn in and were told they could not serve. One of them was Steven Sumner, head of the Milk Drivers union, who is now under indictment for conspiracy in connection with the strike. connection with the strike After Traction Company

The teamsters made an attempt this afternoon to call out the employees of the Union Traction company. This corporation operates uil the street car lines on the North and West sides of the city and is in the charge of receivers appointed by the United States courts.

Albert Young, representing the teamsters, called upon General Manager Roach of the Traction company and demanded that the company at once cancel its contracts with the Peabody Coulcompany, and receive no more coal from it. Young was then informed that the contract would not be cancelled and that the company would continue to receive coal from the Peabody company.

The South Water Street Commission. Merchants association, an organization with a membership of over 490, decided today to cast their lot with the Employers association, and to receive goods from any firm, regardless of whether such deliveries were made by union or non-union teamsters.

There was less disturbance in the wholesale district, but the fighting went on
with its usual persistence and victousness
in the heart of the fashionable shopping
district. A number of non-union men were
clubbed and beaten and their wagon
guards and the police retaliated with
vigor upon the rioters. In every instance
the crowds were dispersed after a brief
scrimmage, which was, however, in several cases of a rather sharp character.

The number of injured was from all
accounts about the same as that of the
last two days. About thirty to forty men
have been cared for at the various hospitals and there are fully as many more
who have received medical attendance and
whose names are not known to the police.

A number of the colored men who work for the Employers' Teaming company were leaving the barns at 1817 Dearborn street when a crowd of strike pickets hooted and commenced throwing coal and stones. A hand-to-hand fight resulted during which McCracken was stabbed and beaten. A riot call was sent to the Twenty-second street police station, and when the officers reached the scene a free fight was raging all over the street intersection. The police clubbed right and left and soon scattered the fighters. McCracken was found unconscious when the others fied. No arrests were made.

A mob today attacked a peddler named A. Mottlewitz as he was passing the corner of Milwaukee and Western avenues. A crowd stopped him and ordered him to show his union button. He explained that he owned his team and could, therefore, not become a member of the union. Dissatisfied with his explanation the mob attacked him, beat him over the head with bottles, cut his horses loose and wrecked his wagon.

With employers preparing to address a demand for troops violence in the teamsters strike showed no cessation today. The very first outbreak resulted in a fatality. The riot took place near the barns of the Employers' Teaming company on Eighteenth street, near State. Charles Riebling, a white man, who resides in the vicinity, received a fractured skull and is expected to die. He was standing in a crowd which started to jeer a non-union colored teamster, who was guarded by five detectives.

The negro suddenly picked up a stone and threw it into the crowd. Righling was struck on the head and sank to the ground unconscious. The crowd chased the negro into the stables of the teaming company, but were driven back by private detectives wielding "billies" and pieces of gas pipe.

During a second disturbance at the stables of the Employers' association in Eighteenth street today John Dansberry, a non-union colored teamster was shot. He had attempted to strike a boy who shouted an offensive epithet. A number of strike sympathizers instantly made for the negro and began to throw bricks and stones at him. Private detectives rushed to Dansberry's aid. A general fight ensued during which Dansberry received a bullet in tha leg.

with a view to a settlement of their controversy.

The police accompanied an increased number of wagons of the boycotted whole-sale and retail stores and express companies today and there was less interference with deliverles by strikers and their sympathizers. This was possibly due to the general presence of the municipal guardians. It has been claimed by the police that the private detectives and nired guards were responsible in large part for the rioting and the claim was apparently well founded by the result of the change. change

New Houses Under the Ban.

Additional wholesale houses joined those under the labor ban, and the Chicago Team-Owners' association, the independent organization, announced that deliveries were to be made to boycotted stores, though non-union drivers will not be discharged if stopped by pickets.

The situation has been somewhat cleared by the announcement of President Shea that the Teamsters' union does not demand a "closed shop." There is much feeling among the public about the bringing in of negroes from the South to take the place of strikers, and it was given out at the Employers' headquarters that no more negroes were to be brought here. There were several riots while the caravans were being taken through the streets and a number of people, spectators and non-union drivers were seriously hurt. One or two of them may die.

Swearing in of deputy sheriffs for strike duty proceeded rapidly this forencon. It was the expectation that before morning 1500 would be sworn in.

The public temper on the negro question was extremely bad and promised to grow without any question as to the merrits of the strike. A big portion of the members of the Employers Teaming association regret that the negro strike breakers were ever brought in.

Today, for the first time since the strike developed, a woman, Mrs. W. Claret, was

shot. She was attending her household duties in her flat at 120 Twenty-Eighth place, when some one fired a shot through a window The bullet wounded the woman in the neck. She will recover unless blood-poisoning sets in.

The trouble was caused by a mob attacking fifty non-union colored teamsters. In the melee several shots were fired. The police dispersed the mob.

Household goods were delivered to residences by some of the department stores today for the first time since the strike. Twenty wagons were sent out by one firm. Manager Basch of the firm said.

"Riftes are being carried by the men on some of the wagons."

All other stores reported an increased delivery service. Nevertheless many department store employees were being laid off as a result of the strike.

A committee of twelve prominent merchants left for Springfield today on a special train, presumably to confer with the Governor on the situation.

Renewed efforts were made today toward arbitration. It was stated that many conservative union elements were working in conjunction with strong interests on the employers' side.

A call was issued today for a peace meeting next Sunday, the outcome of a fresh movement by Dr. Cornella De Bey, Jane Addams and Dr. Emil Hirsch, whose efforts in the same direction failed a week ago.

Conference Is Fruitless.

A fruitless conference was held by the strike leaders and Levy Mayer, attorney for the Employers' association, this af-Attorney Mayer asked President Shea on what terms he would call off the strike.

Shea replied: "We will call the strike off on condition that the employers discharge all the non-union men they have imported and take back the old men in their

places. The employers cannot accede to that demand, replied Attorney Mayer, "Why you have been importing negroes by the hundred," said Shea. "Do you mean to say that you refuse to discharge negroes and relastate white men?"

Refuse to Discharge Negroes.

"So long as a teamster does his work he will not be discharged, he he black or white," replied the lawyer. "That is an outrage," said President Shea. "You have brought these negroes here to fight us, and we answer that we have the right to attack them wherever Then do so at your peril," retorted

Mayer.

Shea said that the union wanted the strikers reinstated, after which the employers would be asked to arbitrate the underlying differences which brought on the strike. The reply of the atterney to

"Have Nothing to Arbitrate." "Under no circumstances will we dis-charge any of the men brought here to take the places of strikers. We have nothing to arbitrate. We assert our right to use the public streets for the transaction of our rightful business and the right to employ teamsters, black or white, at our discretion." This ended the conference and the labor leaders took their departure.

GOVERNOR IS UNDECIDED.

Gives Committee No Promise to Call SPRINGFIELD, III. May 1-At the

lose of a conference lasting nearly three lours, between Gov. Deneen and a com hours between Gov. Deneen and a committee of ten Chicago business men, the prospect of a military regiment being called into service at Chicago seemed as far away as it did this morning when it was practically assured that only a decided change for the worse could bring about such action.

It was said in the Governor's office today that Mayor Dunne and Chief O'Neit had both assured the Governor that they had the situation well in hand, that no troops we. a needed, and that unless something happened to change Gov. Densen's opinion that there was little prospect of calling the military into service.

opinion that there was little prospect of calling the military into service. It was believed by the employers that the statements they made to Gov. The question of the collection of Peter's pence was also talked about. It is understood that the archbishops prefer the old method rather than the innovation proposed, with Mgr. Broderick as the officer in charge of the fund. It is said that if the archbishops are rejuctant to transmit their funds through Mgr. Broderick's hands instead of directly to the Pope, the formation of the proposed new office will be abandomed.

An important feature of the meeting today was a discussion of the duty of the church toward the colored people, the necessity of organized and efficient work and the establishment of centers where Christian faith may be taught.

The archbishops have decided to establish a bureau in this city, putting in charge some distinguished priest who will give all his time to the work of promoting the Christian welfare of the colored people. A committee of bishops also was appointed, with Cardinal Gibbons as presiding chairman, to superintend the work.

Gratefully yours.

MRS A. L. WALKER, 3H East Linden St., Atlanta,

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble ir tates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a sallow, yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's

Swamp-Root, the world-famous kidney remedy in taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

How to Find Out.

HOLD-UP IN ALASKA. Lone Robber Tries to Make Way

With Gold Dust. FAIRBANKS, Alaska, May 4.-A lone nan, roughly dressed and with his features concealed by a cloth mask, entered the cabin of J. B. Knox last night and at the point of a revolver demanded a quantity of gold dust which he claimed to know to be in the cabin. There were present at the time, in addition to Knox, his wife and H. C. Hamilton, but none of them made a move to obey the rob-

ber.

In one corner of the room was a strong box, in which was \$50,000 in dust, the recult of the winter's work of knox and Hamilton on their claim on Cleary creek. This box was covered with clothing, which the robber dragged off, all the time keeping the lumates covered with his revolver.

He demanded a key to open the box, but this being refused him he shouldered the box and backed out into the night. Knox and Hamilton immediately gave the alarm, and in a few moments a possee of miners was on the trail. About a mile from the cabin they found the box, badly dented, evidently from blows of the bantouched.
